

Empower your employees against cyber threats

Cyber Security Services at Zühlke

Dr. Raphael ReischukPrincipal Consultant

Daniel RappBusiness Solution Manager

There is a hacker attack every 39 seconds.

The average cost of a data breach in 2020 will exceed \$150 million.

Total cost for cybercrime committed globally has added up to over \$1 trillion dollars in 2018.

«Cyber crime is the greatest threat to every company in the world.»

Ginni Rometty, CEO IBM, 2018

95% of cybersecurity breaches are due to human error.

The human factor

78% of people claim to be aware of the risks of unknown links in emails. And yet 45% click anyway.

Study of Friedrich-Alexander University, 2016.

More than 80% of all cyber attacks are initiated by exploiting humans.

The Active Social Engineering Defense (ASED) program, DARPA.

People are the biggest weakness to security breaches.

Why not make people your organization's biggest defense?

Our credo:
The best protection is strong education.

How do people learn?

Humans tend to halve their memory of newly learned knowledge in a matter of days or weeks – unless they consciously review the learned material.

H. Ebbinghaus, 1885
